Risk Assessment:

Activity	A water based activity where cold water immersion may occur. Although the possibility of flipping is remote all students (and instructors) are required to wear DOT approved lifejackets (supplied) at all times. The group will maintain close proximity to the instructors. The instructors are qualified to make safe and efficient rescues should a kayaker go bottom up. All students will be given instruction on wet exits and rescue procedures.
Location	Fiord like waterways with possible winds and tidal currents
Camping	Provincial Marine Parks in tents. Backpacking stoves used for cooking and appropriate wildlife precautions will be taken. Water supply is from streams and needs to be treated or boiled.
Fitness Requirement	Average upper body strength and endurance.
Weather	Students need to be prepared for all weather conditions. Expect sun, rain, and wind. Temperatures can range from -5° to + 25°C.
Medical Problems	Possible beach hazards such as broken glass, barnacles, etc. Exposure to sun on open water. Mild hypothermia in the event of a kayak capsizing.

Special Equipment: Waterproof jacket, water shoes (or something that can get wet and stay on feet). A general equipment list is available online at <http://dragonsoutdoors.weebly.com>

Behaviour: Due to nature of this trip, mature, responsible behavior is required at all times. Students are expected to adhere to the Fleetwood Park Student Code of Conduct on all Outdoor Education trips.

If you require further information or have any concerns please contact me at 604-597-2301 or korbutt_m@surreyschools.ca. Please return the attached permission slip with the necessary funds as soon as possible. The trip will be filled on a "first come, first served" basis.
